### Excellent Trout Opener Expected for Fishermen

By Jon Thompson

This Saturday, for the first time in years, the fishing on Opening Day may match the high expectations of many fishermen.

"I can't feel any better about conditions right now," DNR biologist Gary Schnicke, of Mio. said Tuesday. "And I checked with the longrange forecast this morning and it calls for a little rain Wednesday and Thursday but warming up again Saturday to temperatures as high as Monday and Tuesday's."

"This could be one of the best openers in a

### Six Grass Fires **Put Out in County**

Six grass fires were extinguished in Crawford County last week by the Grayling and Roscommon DNR Forest Fire fighting units and local fire departments.

Duane Brooks, of the Grayling DNR field station, said the biggest fire reported last week was between Bear Mountain and Military Road where five and a half acres burned. A flare shot by military troops training in the area is believed to have caused the fire there on Friday.

Two acres were burned April 20 near Barker Lake Road when some boys reportedly let a campfire spark escape. Debris burning allegedly caused a fire that burned one and a half acres in Beaver Creek on Friday.

Equipment use caused a fire that burned 3/10ths of an acre in South Branch Saturday while a fire the same size was contained along Howes Lake Road Sunday possibly started from a cigarette. Two-tenths of an acre burned Thursday in South Branch in a fire believed to have started from dumping hot wood ashes.

Brooks said the county is now in high fire danger, and if the weather continues to warm up without a lot of rain, extremely high fire danger notices will be issued. Early May has been the traditional dangerous fire period for Crawford

All county residents are reminded to call the DNR field office to obtain fire permits for all burning. The fire crew is now on duty now seven days a week.

### **Cancer Crusade Begins in County**

"How you live may save your life! — This is the theme of the 1983 educational and fundraising Cancer Crusade beginning May 1", said Valerie Lehti, vice-president of the Crawford County Unit of the American Cancer Society.

"The Crusade this year has very personal meaning for every citizen of Crawford County because it confronts us with questions about our lifestyle and environments and the ways in which these may relate to cancer," Mrs. Lehti said.

The Cancer Crusade volunteers will be distributing a new American Cancer Society folder, "Your Self-Test on Cancer Risks". The folder features questions that can be answered simply "Yes" or "No", such as "Do you smoke cigarettes?" or "Have any of your close relatives had breast cancer?". The significance of the answers is explained and safeguards

'Today we know that more than three million Americans are alive after experiencing cancer, thanks to early diagnosis and treatment," Mrs. Lehti said. "We want to continue the advances that are slowly but surely being made. We ask that everyone give generously to help support programs of cancer research, education, and services to cancer patien-

### Frederic Fire Hall Dedicated May 1

The new Frederic fire hall will be dedicated Sunday, May

1, to Al Leng, the township fire chief. Registration for drawings starts at 1 p.m. followed by an

invocation by Pastor Robert Taylor. The dedication ceremonies will begin at 1:30 p.m. with a Benediction by Pastor Dohn Weaver. The firemen and ambulance crews will be introduced later and a waterball fight will be held weather permitting.

Drawings will be held at 2, 3, and 4 p.m. for \$50 savings bonds and you must be present to win. Music from the 40's to 80's will be played all afternoon by D.J. Fred Hinkle. The Citizen's Committee of Frederic and Maple Forest is sponsoring the dedication. For more information call 3-8122 or 8-9084. Ham and hot dogs, refreshments, and table service will be provided at a potluck dinner Everyone is asked to bring a dish to pass.

### Interlochen's "Taming of the Shrew" Coming to Grayling April 29

Michigan audiences will again have the opportunity to experience music and other arts programs from Interlochen right in their own communities as the Interlochen Outreach "Show on the Road" project begins its 9th season.

The Interlochen Arts Academy presentation of "Taming of the Shrew" will make its Grayling appearance on April 29, 1983 at 7:30 in the Holiday Inn. The program is sponsored by Grayling Business & Professional Women and funded with the support of the Michigan Council for the Arts.

### Range Firing Conducted

Range firing will be conducted at Camp Grayling during the period 26-30 Apr. and 3-4 May 83.

Firing will be in the following area on the dates and times The Range 40 complex located north of County Road 612,

east of Guthrie Lake, south of Old State Road 618 and west of County Road F97 (Twin Bridge Rd). Firing will begin at 9:00 AM (Daily) and cease at 5:00 PM (Daily).

The range will be closed to the public during this period and all persons are warned to keep out of the area identified.

long time," said Schnicke, an ardent fishermen.

He predicted water conditions for opening weekend would be excellent if no heavy rains fall before then.

"If the weather stays warm, the water temperature will be up and fish will be active with plenty of fly hatches for them to feed on."

Schnicke expects fishing pressure to be heaviest on the mainstream with significant pressure on the north branch near the few good public access locations on that stream.

He said pressure on the south branch is usually low during opening weekend because the river is traditionally high, dark, and cold.

Saturday marks the beginning of an experiment with no-kill rules on a four and a half mile stretch on the south branch from Chase Bridge to High Banks. Fishermen on that portion of the AuSable will have to release all fish or face penalties. The experiment is supposed to last five years with the DNR monitoring the stream to see if no-kill produces larger fish.

Along the Manistee River, Don Geiss reports the river was near summer levels Tuesday and fishing should be good Saturday if heavy rains or cold weather don't strike before the weekend.

He said the water temperature was warm and small midges and stone flies were already hatching.

"Fish have been rising the last couple of days in front of my house," he said.

Rusty Gates, at Gates AuSable Lodge near Stephan Bridge, said prospects look good for the Saturday opener if it doesn't rain too much. Tuesday he said the Hendricksons have already been hatching for a week and fishing pressure was relatively heavy last weekend. He said the Hendrickson's hatch may be mostly over by Saturday and the black caddis hatch may be the big one for the opening weekend.

Gates said water levels were low, temperatures high, and the AuSable south branch may be fishable opening day for the first time in three or four years.

### **Trout Contest Sponsored Here**

will be worth prizes this year in Crawford County if they are caught in a local stream and entered in the contest.

The opening weekend angling competition is cosponsored by Skip's Sport Shop and the Grayling Regional Chamber of Commerce. Fishermen need not purchase an entry badge to be eligible to enter a big trout but they will be asked to pay a premium price for entering late.

An enticement for early badge purchases will be a separate prize consisting of a secret valuable fisherman's aid.

The contest is open to any angler catching a trout from

Big brown and brook trout 12:01 a.m. April 30 until the point in time where he can enter the fish by the 4 p.m. closing time for the contest on May 1.

Trout will be judged by length and in case of a tie, the heaviest fish will be the winner. Identical prizes will be offered for the largest brook or brown trout.

Prizes include spinning rods and reels, Flex-O-Lite flashlights and one dozen trout flies.

Badges are available at Down River True Value Hardware on West M-72, Jim's Canoe Livery on East M-72, Skip's Sport Shop and the Chamber of Commerce

### First Locals Arrested **Under New** O.U.I.L. Laws

Two local residents were arrested over the weekend for drunk driving breaking a four-week span of no arrests for Crawford County citizens under stiff new laws.

A 58-year-old Grayling man was stopped Sunday morning at 2:04 a.m. along M-72 west near Norway Street by the Crawford County Sheriff Department.

Saturday morning at 2:30 a.m. an 18-year-old Grayling man was stopped in almost the same spot along M-72 west by sheriff deputies.

A Sterling Heights 22-yearold man was also arrested over the weekend by sheriff deputies. He was stopped along M-72 east one mile east of Stephan Bridge Road at 10:45 p.m. Friday night.

The three, if convicted, face harsher penalties under the new laws that went into effect March 31.

**KIWANIS** HELP HATCHERY—The Kiwanis Club of Grayling presented the Grayling Fish Hatchery restoration committee with \$300.

The hatchery is partially stocked with large trout, which Howard Hatfield now feeds every other day. The hatchery is open to the public although there is still much to be done.

Shown accepting the check from Kiwanis secretary, Bob Bovee, are Bob Smock and Howard Hatfield, along with Katie and Amanda Smock.

### 2 GHS Students Take Forensic District Titles

### From Our Corner ...

This coming weekend marks the opening of the summer season in Crawford County when trout fishermen take to the AuSable and Manistee Rivers in search of wily river fish...Grayling has been the mecca of the trout fisherman since its beginning as the city was named after the grayling trout that is now extinct here in Michigan, but in the early days was the challenge for the fisherman...the brown and brook trout have taken over the AuSable and Manistee rivers as the species that challenge the fisherman now...now if the weather will cooperate. possibly this weekend will give our economy a shot in the arm and start a recovery from another dismal winter...this year it was the lack of snow, a year ago it was storms on the weekends that raised havoc on our economy...

A personal note...friends of Clyde Marion who has a home on the AuSable will be happy to know that he is doing fine after a long recuperating period following surgery and he is looking forward to a visit at his summer home to do some trout fishing and take in a little golf, according to his neighbor, Leo Bagrosky...

We ran across the following the other day when we were cleaning out one of our desk drawers...we had clipped it out of the Publisher's magazine about the time we took over as Publisher-Editor...it was written by Woodrow Wilcox upon selling the Camden Advance to an old school-chum, Elmer Wilson, who had just purchased the weekly, Concord News some 25 years ago...we thought there was quite a bit of food for thought, so we pass it on...

### "Old Publisher" Offers Advice to "New Publisher"

"Dear Friend: Welcome to the ranks of the "Country Publishers," who are cussed, discussed, lied to, lied about, and seldom praised. They work long hours for little pay, write their own stories, set their own type, and run their own press. Without them this country would not long remain a Republic, they are the builders of their community. state and nation, and from them come the "grass roots" of plain thinking...and most everyone listens...some agree. They are a force to be reckoned with in any question effecting the interests of the rural folks they serve... but they will fight their battles more or less alone...and generally without reward or honorable mention... Everyone will watch for your mistakes, and tell all their friends about them...When you succeed, you will hear total quiet. But mostly, they will privately think you a pretty good fellow. Your community will prosper and grow in direct proportion to the amount of support they give you...and the amount of effort you give them in return...When your job is done, and the "Old Man" steps down for another and younger publisher, they will say..."The Old Editor" was a real worker for the town...the "New Editor" is not like him...So I want to wish the very best to you, the "New" publisher who will remain "New" until the next one comes along...Then you will be the "Old Publisher"...It's a good life, full of hard work, small pay, disappointments, and a lot of satisfaction."

With that little bit of cheating on this week's column we'll call a halt to this turkey and say goodnight, T.J., Stefany and Amber...and to all our readers have a nice weekend, and to the fisherman lots-a-luck...

### The Bible Speaks

From Calvary Baptist Church

#### A CHRISTIAN'S RELATIONSHIP TO GOVERNMENT

Romans 13:1-4

God has ordained three institutions of authority on the earth: the home (Gen. 2:18-15), government (Gen 9:1-17), and the church (Acts 2). These three institutions alone are instruments of God on earth to reward good and punish evil.

"Let every soul be subject unto the higher powers. For there is no power but of God: the powers that be are ordained of God." (Verse 1). No human being can claim exemption to the power of God through His ordained institutions.

therefore "Whosoever resisteth the power, resisteth the ordinance of God: and they that resist shall receive to themselves damnation." (Verse 2). To resist government authority is to resist God.

"For rulers are not a terror to good works, but to the evil, Wilt thou then not be afraid of the power? do that which is good, and thou shalt have praise of the same:" (Verse 3). Notice the primary work of civil government is to reward or praise that which is good in society, and to create fear by punishing that which is wrong or evil in society.

"For he is the minister of God to thee for good. But if thou do that which is evil, be afraid; for he beareth not the sword in vain: for he is the minister of God, a revenger to execute wrath upon him that doeth evil." (Verse 4). It is clear here from the New Testament that the sword first placed in the hand of government in Genesis 9:5,6 is still to be God's present authority to punish civil disobedience. The sword of the Roman soldier was an instrument of death. Government authority to kill implies all other forms of corporal punishment to control evil. Liberals who attempt to remove this God given right from Government are at-

tempting to disarm God and

create increased violence and rebellion upon the earth.

Notice the contrast between the closing verses of Romans 12 and these opening verses of Romans 13. In chapter 12 we are told to show no wrath or vengeance toward our enemies because "Vengeance is mine; I will repay, saith the Lord." (Verse 19 of chapter 12). In chapter 13 we see the way God carries out His wrath or vengeance under the civil government.

As Christians we have no right to get angry or get even with someone over a wrong done to us. However, as citizens under God's ordained government, we are to allow God's minister's who are authorized to carry the sword to do justice in solving civil problems. For example: "He that smiteth a man, so that he die, shall be surely put to death." Exodus 21:12. "And if men strive together, and one smite another with a stone, or with his fist, and he die not, but keepeth his bed: If he rise again, and walk abroad upon his staff, then shall he that smote him be quit: only he shall pay for the loss of his time, and shall cause him to be thoroughly healed." Exocus 21:18, 19. (adv.) **Pastor Barnett**

### The New Dream

By Rev. Thomas A. Bruno Minister of The Congregational Church Roscommon

Take a pillow filled with feathers and open it up. Now take the feathers and throw them into the wind on a windy day! Sounds like fun, doesn't it? Now gather all the feathers up. Impossible? Try anyway. You begin, but after a few moments, it is obvious to you that is IMPOSSIBLE!

There is nothing like an object lesson to prove a point and the point is, that GOSSIP, the use of the tongue is a negative way, is like gathering feathers BACK on a windy day.

I realize that many of you as readers have never considered the tongue as a whip, but the tongue can lash out and cause great pain and consequently become one of the most powerful weapons in our possession.

A young woman came to me recently and told me that

while her father never hit or abused her physically, she was verbally abused as a child. She went on to say that although she never showed signs of abuse, her internal sufferings were extremely painful. Today, she is using that negative experience as a positive lesson in the upbringing of her own

Our children are impressionable. They take what we say as truth. Many times in the heat of anger, we say things we really don't mean. Once said, these comments like feathers in the wind, cannot be taken back. In the book of James it says, "The tongue is a little member of the body and it boasts of great things. Behold how great a matter a little kindles."

HAVE YOU STARTED ANY FIRES LATELY???

Wendell L. Hoover Park Interpreter

The recent high winds removed two or three limbs from the Old Monarch, but the tree still stands tall and proud. How many more winter gales and hot summers will the grand old tree see is a question open for speculation. A lot of water has gone under the bridge in that tree's lifetime.

The Monarch was probably just a sapling in 1682 when LaSalle went down the Mississippi River to the Gulf. In 1701, on July Cadillac founded Detroit; in 1715 a new fort constructed Mackinaw City. The French and Indian War raged from 1754 to 1760. In 1763 French territory east of the Mississippi was ceded to Great Britain. In 1777 raids into Kentucky were being taken out of Detroit. In 1783 the Treaty of Paris between Great Britain and the United States was signed, but Michigan was still ander British control in 178%. In 1796 the British abandoned their posts in Michigan. The Michigan territory was organized in 1805. Edward Tiffin's ad-

1815 did much to hinder settlement of the territory. became the Detroit territorial capital in 1828. Michigan became a state (the 26th) on January 26, 1837. In 1847 Michigan was number one in the production of copper. The Soo Locks opened in 1855; in 1871 forest fires swept from Manistee to Port Huron. Michigan produced four billion board feet of lumber in 1888. The first automobiles were in Detroit in 1896. In 1916 the Michigan Prohibition Amendment was adopted. In May, 1928, the Hartwick Pines State Park opened. There was forty-three percent unemployment in 1932. In 1943 a Grand Jury was investigating corruption in the Legislature. In 1955 a total of 7,950,000 cars were produced in Michigan. In 1960 a four percent sales tax amendment was adopted. Crawford County celebrated its 100th birthday in 1972.

The rest of our recent history is known by many and does not bear repeating here, but we will survive just as the Monarch will and today will become history tomorrow.

Mr. and Mrs. Ernest Larson returned home on Monday, April 11, after their three month stay in Lakeland, Florida. They enjoyed many of the Tiger exhibition baseball games while there. On their return they came by way of Warren, Ohio, where they stopped to see the new Ronald Michael James and Shannon Renee Kester. The twins are doing fine and they were born on February 2, 1983. The Larsons found that Ron and Barb Larson, the proud grandparents and sister, Rhonda, were also there. This makes Ernie and Elsie great grandparents again. The Larsons continued their journey homeward stopping at Toledo, Ohio, to spend the weekend with her cousin, George Burke.

### Par For The Course

It was a very happy Dave Doty that aced the number & hole at the Grayling Country Club on Saturday, April 22, 1983. He was playing in a foursome with Larry L. Wood, Doyle Doty and Bob Wininger when he used his 7 iron to drop it in the cup.

Although the weather hasn't been cooperative, the weekend cleared up enough to find a lot of golfers on the course. The clubhouse has been thoroughly cleaned and the staff have been doing some painting in critical places. Gordon has also been brewing up homemade soup and plans to keep varying the lunch menu for those who wish to have lunch.

Everyone is looking forward to a good season and plans for the party this Saturday have been finalized. A good crowd is expected and plans on having a good time.

Plans are also underway for more Happy Flours on Friday afternoon. Check with the manager and we'll try to keep you informed in this column.

### Woof! Woof!

On Thursday, April 14, Lynne Rochette's mother brought her dog to Miss Williams' kindergarten room. He was a white, gray and brown terrier. It is a boy and his name is Randy. He is one and one half years old. When Randy arrived he was nervous and sleepy. He stayed by Mrs. Rochette mostly. The dog was very beautiful. He had orange and white ribbons on because he had just been taken to the dog beauty parlor. While he was there he gave some students kisses. He also tried to sleep. Some children said, He's beautiful." Others said, "he's cute." They all liked Lynne's "Show and Tell." By Toye Sheldon and Teresa Ferguson, 5th grade.

To the Editor Crawford Co. Avalanche Grayling, Mi 49738

Rt. 2, Box 2112 Grayling, Mi 49738 April 8, 1983

Dear Sir, I am writing to all Crawford County residents who recently (April 4, 1983) received U.S. Representative Don Albosta's questionnaire. There are many diverse answers to his many diverse questions. But I would call to your attention to these three questions which can affect your lives and income far into the future.

Question2 — Controlling inflation must be the answer. Every dollar you put into savings today - if inflation is controlled - will be worth a dollar (plus interest) when you use it 5-6 or 7 years from now to purchase something vou want.

Question 3 (H) Say NO! Don't let Congress cancel your tax relief. And don't let them cancel INDEXING either!

Question 9 — Say YES. Able-bodied people should work for their sustenance in some way or another. I don't think any fair-minded person would disagree with this.

So - answer Mr. Albosta's questionnaire. He is asking for your reply.

It will cost you 20 cents postage to make your wishes known. But it could be the best 20 cents you've ever spent.

### "Seek and Ye Shall Find"

Rev. Richard H. Wadsworth

It won't be long before the morel mushrooms will be popping up in the woods all around Grayling Everywhere people will be evacuating the cites to invade the wooded areas seeking the little gems.

In the last couple if years they haven't been very plentiful. Only the most persistent and skillful hunters have been able to find nany. The secret is knowing where to look for them.

Seeking mushrooms it not unlike seeking other things such as happiness, peace and contentment. In these days of trouble and strife. only those who are looking in the right places will find happiness, peace and contentment. Jesus tells us to "Ask, and it shall be given you: seek, and ye shall find." Many people are asking the wrong people, and seeking in the wrong places. Just as you mist seek the morel mushrooms in the right places you must seek contentment in the right places. Jesus also said, "I am come that trey might have life and that they might have it more abundantly." Also He says, 'Peace I leave with you, my peace I

give unto you:" The abundant life the inner peace we crave is found only in one person and that person is Jesus Christ our Lord. He says, "These things have I spoken unto you, that my Joy might remain in you, and that your joy might be full" (St. John 15:11).

When we ask Him and seek in Him, we will find the true "gems of life."

### **Federal Legislation Could Cost \$1 Billion** In Retirement Payments

Warren M. Hoyt, Executive Director, MPA

Pending federal legislation prohibiting discrimination in pension & insurance programs would create an additional \$1 billion liability for state and public school retirement systems, Retirement Systems Director Richard Beers reports.

Compliance with the proposed act would cost the state \$20 million a year, with about 6 percent of that coming from the state's general

Beers noted the figures are only rough estimates, based on an actuarial projection that the new requirements would create an additional \$1.5 billion liability for state and local government retirement systems at an annual cost of 30 million.

Not only does the federal legislation require use of "unisex" tables, to provide men and women with equal benefits, it requires that systems which have set differential benefits to bring the lower levels up to the higher levels and do it retroactively.

Retirement systems and insurance programs have typically provided unequal benefit payments because mortality studies show women live about five years longer than men.

Pursuant to advice from Attorney General Frank Kelley, Beers said the state moved public employee and school employee systems to unisex tables last year, but average out the high and low benefit levels to a common amount, applied only to future retirees.

Beers said the retroactivity requirement and the provision that all benefit levels be brought up to the highest level are the most costly features of the federal legislation which is subject to hearings in both the U.S. Senate and House.

The requirements, Beers said, will

in many cases mean paying higher benefits to men, but added it will work both ways, depending upon the kind of retirement plan. He said the major impact in the state system would be for those electing optional benefits for spouses.

State legislation to prohibit pension and insurance program discrimination is also under study.

A recent National Governors' Association report noted that early indications are that costs to all states will be sizable.

Estimates indicate that the cost of equalizing the level of payments made to current and future beneficiaries of the New York state and city public retirement systems on the basis of sex-neutral tables would be about \$2 billion.

Extrapolating from the New York estimate, the report indicated that total cost to state and local governments could be \$15 to \$20 billion with those projections not including state administrative costs.

The pending federal legislation would prohibit discrimination in insurance and annuities based on race. color, religion, sex and national origin with respect to access, availability of coverage, terms, conditions, rates, benefits and requirements and in the methods of determining them.

Prohibited actions would include denying or delaying an insurance contract of the type ordinarily made available; unequal treatment of applicants, morbidity, disability, and collection of premium payments for existing contracts based on genderdistinct statistical tables.

The legislation provides that insurers may modify premium and contribution rates for existing contracts if necessary to comply with the anti-discrimination requirement.

### **Animal's Attack**

On April 14, 1983, Greg Mesack had his father come in for "Show and Tell". His father brought in a grizzly bear skin, a zebra skin, and a caribou skin. The grizzly bear skin was brown. The children in Miss Williams' class said that the bear's fur was very soft. Some of the other children said that it was 'itchy soft.' They said that it had very long front paws and short back paws. It had no teeth and no eyes, just holes. It also had small ears. It came from Alaska. Miss Williams said that if the bear was alive that with one swipe of the paw that it could kill you. The bear was about eight feet tall. They also saw a zebra's skin. The zebra was black and white. Zebras have very short hair because they have very, very hot weather in Africa. It had a short tail. It did not have any feet because it was flat. Also it was soft and it was shedding. They also saw a caribou skin. It looked like a reindeer. It came from Alaska. Greg's father shot it. It was very soft and the hair was long. It was smaller than all of the other animals. And it had no legs because it was a skin. The caribou was

gray and white. By Teresa

### Rosi Named **Boss of Year**

The American Business Womens Association named Dr. Tomlin Rosi as Boss of the Year at their annual Boss/Business Associates Honors dinner recently.

Dr. Rosi received his Doctor of Medicine degree from Northwestern University. After internship at Cook County Hospital in Chicago, a residence in general surgery at Mayo Clinic and service with the army in Vietnam, he moved to Gravling in 1974.

He is a partner in the Keyport Clinic with practice in general surgery as well as general practice and is Chief of Surgery at Grayling Mercy Hospital. He is also chairman of the Patient Care Evaluation committee at the hospital. He is past chairman of the Mercy Hospital Medical Community Fund Raising Drive, president of the Regional State Medical Society and has been chief of staff and chairman of the critical care committee at the hospital.

He has guest taught classes at the Crawford AuSable High School on drug awareness and is a charter member of the Booster Club. He is a member of the Chamber of Commerce. Dr. Rosi was nominated for the award by his secretary, Maxine Geiss.

A "Boss of the Year" plaque was presented by chairman of the affair, Mathers. Mrs. Mathers led the guests on a Carribean cruise as theme for the evening. The dinner was held at the Chief Shoppenagon Motor Hotel with over 80 members of the community present. Mickey Perez, Boss of the Year for 1982, spoke of her experiences last year and of the importance of good employees. Betty Bennett presented a short history of A.B.W.A. Entertainment for the evening was provided by a humorous audience participation program by magician Dick "Spats" Williams.

RE: City of Grayling Annual Spring Cleanup Program. Dear Mr. Madsen, The Grayling City Police

Dept. is completing a survey of the Grayling residential and business areas regarding unregistered, or junk vehicles, accumulated rubbish, and unsafe structures. This survey is in conjunction with the Grayling City Ordinances No. 72-3 (junk), and No. 22 (nuisance or unsafe structure).

Survey results this year

are indicating a tremendous improvement over that of last years survey. Grayling residents are obviously becoming increasingly aware of Community pride. The City of Grayling would like to bring this improvement to the public awareness, also we would wish to express appreciation to residents for this improvement.

In advance of the Summer season, the Police Dept. again is mailing correspondence to owners, or tenants of businesses, and private residents having questionable material accumulated on their property. Citizens are requested to cooperate jointly in this attempt, anyone wishing information as to methods for disposing of junk, or old vehicles, may contact the Grayling City Office (348-

Student Council Exchange

On Thursday, March 24th, the Grayling Middle School Student Council members visited the Gaylord Middle School for the day. They were guided through this beautiful new building by their student council counter-parts from Gaylord.

On Tuesday, April 19, the Gaylord Middle School Student Council returned our visit and arrived at Grayling Middle School at 9:45 a.m. They met with our Student Council members in the library then toured building. They attended classes, shared in our lunch program and discussed school policies and ac-

tivities. In comparing our two schools each had its good and bad points. Of course, their new and modern facility looked like heaven to us but they felt it was not broken in yet and lacked character. They envied our having computers available in the library, large windows in stairways and rooms, and advanced math and Spanish programs. They also thought

### **Board of Commissioners**

Regular Meeting - March 8, 1983 (synopsis)

The regular meeting of the Crawford County Board of Commissioners was called to order at 9:30 a.m.

Commissioners Kitchen, Harland, Neilson, Mattis, Miller and Welser - present. Joyce - absent.

Clerk Wieland and several visitors were also present. Invocation by Chaplain Mattis.

Finance Committee report revealed projected cuts in the 1983 budget revenues and increases in MESC and hospitalization insurance. Metered bills for all utilities will be obtained.

The report of claims and accounts, mileage and per diem, and Commissioner's youthers were approved as follows:

General Fund -	\$44,846.20, 1	Fish Hatchery - \$	8315.09,
Commissioners	Salary	Per Diem	Expenses
Kitchen	200.00	280,00	76.74

Neilson	150.00	110.00	11.88
Mattis	150.00	290.00	110.00
Welser	150.00	250.00	44.66
Miller	300.00	390.00	173.36
Joyce	75.00	145.00	87.10
	the 0 04 00	montine more on	proved as print.

The minutes of the 2-24-83 meeting were approved as printed with three minor corrections. A notice from Bob Smock relative to his interest in an ap-

pointment on the PIC Council was among several pieces of correspondence received.

An offer to transfer sick leave from several employees to Mrs. Miller was accepted. A non-precedent setting agreement allowing said transfer of sick leave from Council No. 25 and the Crawford County Employees Chapter of Local No. 2759 AFSC-ME was also accepted.

COMMITTEE REPORTS:

DPW - The necessity of executing an agreement with Otsego County for operation of the joint landfill was discussed. The agreement submitted by Otsego County was reviewed. Changes were offered in management, wage recommendations, and term of the agreement. An additional item was added relative to conflict of interest pursuant to P.A. 317 of 1968. The ratio used (if subsidy is required) will be determined annually instead of each four years. Action was taken to re-type the agreement with these changes, authorize the Chairperson and Clerk to sign same, and submit to Otsego County for their consideration. The list of possible indications of problems and recommendations will be submitted to the landfill board for consideration. Much discussion on the limit allowed commercial haulers to charge was held, as was requesting performance bonds.

Insurance - Replacement of the junked auto in the Sheriff's Department and coverage for the assets at the fish hatchery was reviewed.

Fish Hatchery - Progress is being made for the opening this spring, fish will be obtained, some jobs will be available during the season, and the Economic Development of the Hatchery recently submitted to many funding areas and legislators was well received. Vacancies on the committee will be advertised for interest. The county Parks and Recreation Commission should be involved with several recreational projects underway in the county including the hatchery.

Sheriff's Report: The installation of the telephone system proposed by General Telephone Company for inmates - a collect call system at no cost to the County was approved.

Relocation of the antenna system was authorized at a cost of \$1805.75 plus use of telephone lines.

Replacement of the combination water closets in the jail was discussed. Authorization was given to advertise and seek bids for the replacement of one, four, or eight combination water closets in the Avalanche and Traverse City area newspapers.

Purchase of an air pack was also approved at an estimated Clerk's Report:

A review of the shared expenditures submitted by Circuit Court and Friend of the Court personnel indicate Crawford County's share of said mileage reimbursement of the 26.5 cents rate paid will be 31% for 1983. It would be more costly to require mileage for Crawford County be pulled out of the shared expenses and paid at the 22 cents per mile reimbursement rate, Action was taken to rescind the motion made on 2-24-83 requiring said expenses be set the same rate paid to other county personnel. HUD Report:

The Director informed the Board that procedures need to be adopted for use of the funds building in the Community Development Committee program. Randy Thompson was appointed to said committee to assist in development rules and regulations for the funds. The progress of the application for the 1983 block grant was briefly reviewed. An April 15 deadline must be set. Activity by developers in the area in purchasing land for apartment complexes contingent on financing being available was noted.

Treasurer's Report: The Treasurer reviewed year end deficits in the law library, commission on aging, and airport budgets. A review of General Fund revenues for 1982 was compared to budget estimates. Many shortfalls in the 1983 anticipated revenues were also reviewed. Department Heads will be required to hold spending until state revenue sharing is resolved. Programs prepared through the computer firm are being re-worked to provide a com-

bined statement of revenues and expenditures. COMMITTEE REPORTS con't.

Labor - The agreement between the County of Crawford and Courthouse Employees, Chapter of Local No. 2759, Michigan Council No. 25, American Federation of State, County and Municipal Employees was ratified.

A resolution was adopted pursuant to P.A. 135 of 1945 for members of the AFSCME bargaining unit contributing zero percent of their compensation to the Michigan Municipal Employees Retirement Fund effective 1-1-83. Resolutions - A resolution opposing proposed executive or-

der for Department of State Police budget cuts was adopted. The resolution from Newaygo County Board of Commissioners relative to counties being named at the local unit of government by Congress for Payment in Lieu of Taxes was sup-

A resolution opposing phase II of P.A. 438 - Court re-Organization was also adopted.

Judicial - Court personnel are being contacted to set up a

Dist. Health . The District is considering pay raises for its

staff as none have been given in the last two years. Building & Personnel - Personnel will be interviewed

through the Community Work Experience Program. Thermo-Check has been contacted and the recommendations

made on the boiler and water heater will be reviewed with com-Cost of operating coffee pots and electric heaters in the cour-

thouse was obtained and placed on file for future reference.

The electrical inspector was contacted to inspect the heaters for possible hazards. Approuncements: The Board was informed of recent state budget cuts and the

effect on Social Services, surplus food distribution, and the fact that almost all townships charge above the state allotment for indigent burials.

Meeting adjourned at 4:35 p.m. Jeannette J. Kitchen, Chairperson Elizabeth H. Wieland, Clerk

Regular Meeting -- March 31, 1983

(synopsis)

The regular meeting of the Crawford County Board of Commissioners was called to order at 1:30 p.m.

Commissioners Kitchen, Harland, Neilson, Mattis, Miller, Joyce - present. Welser - absent.

Clerk Wieland and several visitors were also present. Invocation by Chaplain Mattis.

The minutes of the 3-8-83 meeting were approved as printed. Finance Committee report indicated the 1984 general fund budget is being reviewed by department for allocation purposes. An annual copier service contract with Star Office Supply,

Inc. on the Canon Copier in the amount of \$800.00 was executed. Purchase of two tubs of potting soil from Grayling Wholesale Bait for the planter in the amount of \$10,00 was approved. Friend of the Court Report:

Jack Lewis presented a revised (consolidated) form of budget for 1983 where the revenues of the Cooperative Reimbursement Program would be received and recognized as direct revenues from the control county and not applied against the actual expenses as in the past which resulted in underbilling of specified amounts. The revised form was adopted.

HUD Report: The Director met to review procedure necessary to apply for a Small Cities Housing Rehabilitation grant for 1983 and recognize the involvement of local financial institutions in the MSHDA, CHIP program. As a result, a resolution was adopted and authorization granted the Chairperson to sign same approving County involvement with the Grayling State Bank, Northern National Bank, and Grayling Branch of the Gaylord State Bank in the MSHDA, CHIP program, and directing the

Community Development Director to make application for a Small Cities Housing Rehabilitation grant in the amount of \$250,000.00 for 1983.

Mr. Thompson informed the Board that no further decision on the FAA flight station or Veterans proposed out-patient clinic have been made. Discussion was held on procedure in applying to the Department of Commerce for grants. One Economic grant per year is allowed. Various applications may jeopardize others being sought. Mr. Thompson suggested a liaison be used to seek out various entities applying for grants so we are not in competition with each other in the community.

Clerk's Report:

The Clerk and Circuit Court Deputy were accepted to attend the Records Management Seminar scheduled in May sponsored by the Michigan Judicial Institute.

The trial period of the Board's afternoon-evening meeting (second meeting of the month) is over. The time was set for the second monthly meeting of the Crawford County Board of Commissioners at 9:30 a.m. If constituents find it inconvenient to attend a meeting, they may contact their Commissioner or direct a letter to the full Board.

Procedure applied to issues referred to various committees or tabled was also discussed. Several pieces of correspondence were received and placed

on file. Treasurer's Report:

Treasurer Wakeley met to review the financial statements for the months of January and February. He explained the new combined report of revenues and expenditures which will be submitted in summary form. Contact has been made relative to revenue sharing deferrals.

Fish Hatchery Project Report: Committee Chairman Bob Smock met to present an up-date of activities of the committee and progress of project. News media has been utilized and very responsive. Funding proposals have been submitted to various Representatives, agencies, local civic organizations, and individuals. Much discussion was held relative to rules and procedures of operation adopted in March of

1981. Hiring policies were also discussed. All future hires and project requests must be submitted and approved by the full Board after being reviewed by the Finance Committee prior to any actions taken by the Fish Hatchery Committee.

A lease arrangement for fish is in process and will be reviewed by the Assistant Prosecutor. Some fish are being obtained from the DNR.

Barnie Engel and Bill Rutter Jr. were appointed to fill the two vacancies on the Fish Hatchery Committee. The Use Permit does not allow admission fees as planned for

a source of revenue. Donations will be pursued. No action to negotiate a change in the use permit was made at this time. New Business:

Dick Trudeau, Wurtsmith Community Federal Credit Union, met to request consideration in being named a depository for the County. Action was taken to add Wurtsmith Community Federal Credit Union to the depositories of the County.

A copy of the correspondence to J.D. Hughes, Shell Oil Company from the Air Quality Division relative to a public hearing and comment period was reviewed. Consensus of the Board was to submit a letter in favor of Shell Oil Company's proposal in Sec. 10 of Frederic Township and authorize Commissioner Miller from that District to attend the hearing in Lansing on behalf of the Board supporting the facility. Monica Ashton, Grayling Township Clerk, was appointed to

the County Election Scheduling Committee. Status of the Grayling Recreation Authority was reviewed. An amended agreement including the County of Crawford in the Authority now comprised of the City of Grayling, the Township of Grayling, and the Crawford AuSable School District was offered. A resolution authorizing the County of Crawford to enter into the amended agreement creating a recreation authority under Act 156 of 1917 for the purpose of acquiring property by lease and assignment from the State of Michigan and the Economic Development Administration to furnish a recreational

area was adopted COMMITTEE REPORTS:

Labor - AFSCME contract provides for payment of longevity on employees anniversary dates. Action to approve said payments to all eligible employees and Department Heads on the respective date was granted.

Sheriff's Reports: Doug Holdone, Motorola, met to present PAC-RT, a portable mobile vehicular repeater system for use in the department. The system would up-grade the present communication system as the range would be from 1/2 mile to 1 mile from the portable unit. Cost of 6 complete units for patrol vehicles including carrying cases for officers is \$16,574.00. Various methods of finance and the increased safety for officers were

Regular meeting recessed at 6:35 p.m. to go into executive session to discuss a legal matter, and reconvened at 8:30 p.m. COMMITTEE REPORTS continued:

Resolutions - A resolution was adopted opposing the elimination of the Prosecuting Attorneys Appellate Service of the Attorney Generals Office as such action would impose significant burdens on operation of small county prosecuting attorney offices and would result in substantial drain on county resources out of proportion to the comtemplated savings at the state level.

Law Enforcement - The department re-organized effective 4-1-83. Changes include an additional patrol car on the road, an operations commander on each shift, and the elimination of the detective program. Bids have been published on the water closets. A new motor for the patrol boat is estimated at \$3,000.00. Some painting is being done. Portable breath inhalators are estimated at \$400.00 to \$500.00. Wrecker service for department vehicles during the Authority's regular business hours,

A complaint relative to the in-mate telephone system was received. Turn-over in personnel with the department was noted. An increase in arrests and the need for additional full-time officers was also noted.

The Crawford County Sheriff's Activity Report was distributed to Board members.

Building and Personnel - The monthly phone analysis indicated county activity is increasing monthly. A \$250,000.00 law suit has been filed against the County by

an in-mate alleging cruel and unjust treatment. Discussion followed on cost of prisoners and overcrowded jail facilities. Meeting adjourned at 9:15 p.m.

### **Adopt a Mother** For a Day

American Legion Post 106 of Grayling will host their second annual "Adopt a Mother For a Day", on

Mother's Day, May 8th, 1983. Post members will bring the ladies to the Post Home, where they will be entertained with several games of Bingo during the early part of the afternoon, and then they will be escorted to a local restaurant for dinner.

The event was brought into being last year by Post member Bob Nelson who, working with other members, and the co-operation of Lora Gould, of the Senior Citizens Center, made it a success. Eighteen mothers were escorted out to an afternoon of fun and then dinner, which was so enjoyable, the post decided to make this an annual event.

### **Bids Wanted**

"Babes In Arms" a Rodgers and Hart Broadway hit is presently being readied for production by the Grayling High School Players. The production will be staged in the Joseph Stripe Auditorium on Thursday, Friday and Saturday, May 5, 6, and 7. Curtain time has been set for 8:15 p.m. Price of admission is \$2.50 per person with all seats reserved. Tickets are presently available at the Grayling Mercantile in downtown Grayling.

"Babes In Arms" was first presented in New York's Shubert Theatre in April of 1937. Since then, the show was made into a successful film which brought an Academy Award nomination for its star, Mickey Rooney. In 1957 the show as rewritten and revived on Broadway where it received a nomination for a Tony Award. It is this revision which will be presented locally.

The accent of "Babes In Arms" is on youth. In the original 1937 production, two of the principals were only sixteen years old, Mitzi Green and Wynn Murray. Most of the others in the cast and chorus were also in their adolescence. Some then unknowns in the chorus of that first production were later destined for fame in the theatre, among those were Robert Rounseville and Dan Dailey. Others appearing in that first production were Alfred Drake and Ray Heatherton. "Babes In Arms" was, as John Mason Brown reported, "a zestful, tuneful and brilliantly danced affair...filled with talented striplings and bubbling over with the freshnness and energy of youth."

"Babes In Arms" promises to be a great evening of musical entertainment here in the Grayling Theatre. Those planning to attend the performance should plan to get their tickets early to assure themselves of good seats.

### **Chamber Chatter**

By Joyce Kolka

About 80 members turned out for the open chamber meeting recently and it gave the officers, board of directors and staff a great deal of satisfaction to see all of those interested people.

The session permitted the leadership to explain the present plans for operating the chamber. It was also an opportunity to report on the activities of the various committees.

Questions and suggestions from the members were particularly welcome. Interest was shown in many areas and questions in particular about the areas industrial development notential demonstrated a wide scope of interest.

One of the forthcoming projects that was announced by the staff is a Fall Color Tour plan. Many details have yet to be worked out. But since the tours were detailed in this colun last week additional suggestions have been made. One of them would be to blend into the information given tour participants, details about the formations of the terrain at each tour stop. For example - the ridges west of Frederic were formed during the ice age when the glaciers moved in from the east and west.

Suggestions too have been coming in about the proposed Mushroom Festival next spring. Among them was the idea to coordinate a festival between Frederic, Lovells and Grayling with a starting point at each of the three communities. A title was also suggested - how about it - "Morel-O-Mania."

On a very important matter, the 4th of July Fireworks Display and its funding needs was brought to the attention of the board of directors at a recent meeting. It was noted that the costs of the display as with everything in our economy, has increased. The Grayling Booster Club which sponsors the event annually has expressed concern over the funding. The club has seen their fundraising margin decrease to the

point where they make very little to carry over for their dedicated projects to youth of the community. They have asked the chamber to help alert the community and businesses that there is an urgent need for donations.

Club representatives have pointed out that this is one of the finest displays in Northern Michigan and attracts many people from distant communities.

At this time this column goes to press, public relations director Don Geiss is manning an exhibit at the WKNX Radio Boat and Fishing Show at the Fashion Square Mall in Saginaw. He took with him many thousands of copies of literature from many local businesses that depend on the tourist trade.

Another Grand Opening in Grayling! M and M Enterprises have opened a distribution center at 203 Huron Street. The local dealers are Mike Hettinger and Mark Horst. Their new item on the market is a multi function gas additive. Good Luck, Mike and Mark, on your new adventure!

On April 28th your Chamber and the High School are cosponsoring a Career-Day Seminar which will be held from 9:30-11:30 a.m. This seminar will include people from the Technology, Health and Construction Fields. More seminars will be held at future dates if this one proves beneficial to the students.

This week we salute Dan Priestap of Dan & Maggie's Arrow Service. He not only advertises the High School Games, but gives discounts to drivers who attend the out-of-town games. Dan is on the Board of Directors of the Chamber of Commerce and attends many of the Ribbon Cutting Ceremonies and Grand Openings of new businesses in the community. Our hats are off

to you today, Dan! Dave and Colleen Wyss of Jim's Canoe Livery are new members of the Chamber. Welcome to the fold, Dave and Colleen.

PRESENT: The Honorable William A. Porter Circuit Judge.

On the 7th day of February, 1983, an action was filed by Edward A. and Betty M. Peck, Plaintiff(s), against John Messina and Nick Fleece, Defendant(s), in this Court and cause, to recover damages on a Lease, dated May 4, 1982, said property being described as: Grayling Township, Crawford County, Michigan:

Lot A, part of Section 13, T26N, R4W, commencing at the NW corner of Section 13, thence N89°37'E on section line 672.9 feet to P.O.B.; thence N89° 37'E 419.05 feet; thence 50° 21'E 113.55 feet to the North of M-93; thence S58° 30'W along row 300 feet; thence N31° 30' W 313.72 feet to P.O.B., containing 1.66 acres,

more or less. IT IS HEREBY OR-DERED that the Defendant(s), John Messina and Nick Fleece, shall answer or take such other action as may be permitted by law, on or before the 18th day of May, 1983. Failure to comply with this Order will result in a Judgment by Default against said Defendant(s) for the relief demanded in the Complaint filed in this Court and cause.

### **Grayling Raiders To Sell Light Bulbs**

The Grayling Raiders tackle football team will conduct an all-out drive this Saturday, April 30, to sell electric light bulbs to residents, according to coach Mike Shearer.

The money will purchase equipment and supplies. The light bulbs will be sold in "Thank You Packs", each containing 2/60-watt, 1/75-watt, and 2/100-watt Sylvania Soft-White Light Bulbs at the regular retail price of \$3.50. This drive gives everyone an opportunity to buy a good supply of a needed product and at the same time help a worthy cause.

The entire membership of the Grayling Raiders has been organized to supply friends and neighbors with light bulbs delivered right to their homes.

In support of the Grayling Raiders, Grayling City Mayor Sandy Thompson has proclaimed Saturday, April 30, as "Light Bulbs for Grayling Raiders Day.

### **Transfer**

(Continued from Page 1)

said the transfer would be possible, suggested a grant be given to local governments units to make up the difference in taxes. He said the grant could come from either the DNR's budget or the state military board's budget.

Johnson also said the DNR would retain control over the wood in the area and the wood products industry would be able to use the forests.

The transfer is part of a plan by the military to increase public safety around the ranges. On April

21, Governor Blanchard placed \$427,000 in the 1984 state military board budget for fencing around the entire range 30 and 40 areas. The fencing is a step in the right direction, Johnson said, in trying to stop casualties caused by civilians scavenging shells and other metal on Camp Grayling ranges. Money for fencing has been requested for the last seven years and a tragic death last August at K.P. Lake from a phosphorus bomb carried off a range may have prompted funding in 1984 for the fence.
